

Example of an SC-FMA Audit Record as a Persistent Information Object

Observable Knowledge Artifact

Artifact ID	A102
Type	Retrieved Evidence
Source	Knowledge Base
Content	Entity E17 supports Relation R5.
Status	Observed

Observable system artifact

SC-FMA Audit Record

Artifact ID	A102
Fidelity	High
Dependency	Depends on Entity E17
Redundancy	Low
Bottleneck	Yes
Audit Reason	Critical supporting evidence
Recommended Action	Verify linked entity before update
Interpretation	Maintain during knowledge revision
Timestamp	2026-07-12
Record Version	v1.0
